

JAIL CALLS taped by Broward Sheriff's Office

Tape 8 call with girlfriend

Florence: So what about, today. Your mom is going down to

Steven Gibbs: He called her at 8am and told her to come in around 11. So he is switching to another judge, he doesn't like that judge, he is switching to a judge that he fucks with. A judge that can favor me. He has been in the game for a long time.

Tape 10 call with female

Steven Gibbs: My mom spoke to the lawyer. She gave him a stack down; I think it was \$4000. Once I get home he will drop it down. What he intends to do is transfer me to a different judge, if I go with that judge, *his judge*, things will be ok for all of us, if you catch my drift. I may have to stay here for a few more days and miss my NY flight.

Tape 14 with mother

Steven Gibbs: Think positive mom. Believe my guy. The paper I signed is for me not to see that judge, the judge that doesn't work with him. So the judge that works with him, he is transferring, he has already been on the phone with him, they have been leaving messages for each other. Like if I call you and you are not there and I leave a message for you. And you call me and I am not there and you leave a message. So I know that they have been talking. So they are going to fix everything. Make everything, to reinstate the probation and drop the charges. And do the probation, pay the state a little.
